

February 7, 1980

The meeting was held at the home of Joyce Meyer. A short business meeting was held preceding our program which was a little different from our usual ones, the husbands were invited to enjoy our guest. Dr Lawrence Zeleny and Mrs Janitares.

We discussed the possibility of doing an April floral display at Surratt House as the Fall dried flower arrangements were being done already - It was decided Jimmy Reel should write & see if we could do this. Also, we decided we would like to be in on a contest at Garfield's with an arrangement on their china displayed tables. Finding out about this -

Due to the nature of our Program we dispensed with the rest of our business -

The program was received enthusiastically. Our guest, Dr Zeleny, showed lovely slides in color of beautiful bluebirds and gave interesting antiodotes on our pretty nearly extinct bird. Explained and answered questions - One of the guests won a prize of a Bluebird house - We were all convinced by the time the program was over to help save the Bluebird.

- Continued -

Delicious refreshments were served by our hostess. The meeting ended with a group grown quite interested in birds -

Respectfully submitted,
Doris E. Singleton
