

award?

March 6, 1980

The Pres The meeting was held at Anne Rawling
she brought the meeting to order with a
roll call of ~~your~~ ^{our} favorite broadleaf evergreen
We then proceeded with the Program on
Landscaping - by Joyce Meyer

Know your area size to be done

Know the materials you're using

Balance (all kinds ~~except~~ (formal) both sides
exactly the same)

Proper balance produces stability

Continuity - groups of same type in more than

Center of Interest Elements - Texture, ^{one place} color, form

Climatic conditions - soil, problems, construct

materials - needs, planting plan -

Draw up plot with point north place
all existing trees buildings, driving

Entry clearly visible - Materials complement
each other -

Outdoor ^{living} space, what needs + wants are -

Never buy less than 3 of one species

Create mass - plant compositions

Few colors rather than many -

Gerrardsville - Floral arrangement for

April 19th -

Garfield's - go on 10 and bring on 13 -
