NEW HOPE

There's a new hope dawning with the day,

As flowers open their eyes.

There's a new faith spurning doubt away,

As glory shines beyond the skies,

There's a new satisfaction, a peacefulness,

As love-ones linger near.

There's a new heartfelt action, a prayerfulness,

When the birds echo our cheer.

There's a new joy felt in a service of love,

As we help those in need.

There's a new kind of happiness felt above

When we plant God's precious seed.

There's a new kind of morning after the night,

As we behold the sun's jeweled ray.

There's a new hope dawning, new faith in sight,

And it starts anew today.
