

Mt. Airy Garden Club--December 12, 1991

The Christmas meeting of the club was held at the home of Julie Harrison with 15 members attending. To begin, we enjoyed festive refreshments prepared by the hostess. Marie then reported a balance on hand of \$1,331.39. Marian thanked everyone who participated in the sale, particularly Joanne and Phyllis for taking over on short notice. Articles which were left will be for sale tonight. Also, pecans and Vision of Beauty calendars are for sale.

Marian told of going to Behnkes and seeing the yellow poinsettias among all the other beautiful plants. Marian also reminded us to be thinking about the favorite program for the year for her report. Betty read a thank you note from Marian's daughter, Melissa, and mentioned that the sign at the park has been put up. Ann Williams gave her report for this month on the perennial, blue fescue. Marie spoke about the greens' show. The Dandy lunch and the Penwick lunch were brought up for discussion for old business. Peggy Martin's bonsai plant is blooming. Joanne Davis thanked everyone who helped make the sale a success.

The meeting was followed by the gift exchange which included many interesting gifts. Ann Williams' starry night gift was chosen as the most originally wrapped. After more of the wonderful refreshments, we had a lovely singalong with Dottie Sisson and her accordion.

Respectfully submitted,

Attending: Betty Abercrombie
