Hi Sonia,

Thank you so much. I appreciate the news--and nicely done.

Arleen

The garden club plans it's annual plant/white elephant sale which usually takes place on the Saturday in April. The venue is the St. Paul's Moravian Church, 8505 Heathermore Boulevard, Marlton, Upper Marlboro. Tours of the Franciscan Monastery garden and a flower farm are planned for April. In May members plan a tour of the gardens of the National Cathedral. In September our programs featured some good presentations, such as soap making from botanicals in which members were involved in making lavender and rosemary scented soap bars. In October Gene Sumi gave an in depth presentation on houseplants. Susanne Montie, who has a flower farm, shared her experiences on growing Dahlias, at the November meeting. In January, two members informed us on challenges they faced with their gardens. Marilyn Berkut shared on the problem of a dry shaded area, while Pam Smart gave an enlightening talk about maintaining her water garden.

Sonia
